# REFLECTIONS

The National PTA Reflections Program is America's oldest and largest arts education program of its kind. The program was developed in 1969 by Colorado's PTA President Mary Lou Anderson to encourage students to explore their talents and express themselves artistically. Since then, the Reflections Program has inspired millions of students to reflect on a specific theme and create original pieces of art.

Each year, students in Grades PreK through 12 are recognized for bringing the theme to life through film production, dance choreography, literature, music composition, photography, and visual arts. The 2018-2019 Reflections program theme is "Heroes Among Us."

Judging for the reflections program follows a specific rubric created at the national level. Judges are selected at each level (school, district, state, and national) and the same rubric is used throughout all levels. At the state level, all Award of Excellence winners advance to National.

Congratulations to all our winners!
